Airports Association Government Finance

Officers Association

Illinois Government Finance Officers Association

Illinois Aviation Trades Association

Chicago Area Business Aviation Association

National Air Transportation Association

Aircraft Owners and Pilots Association In accordance with the terms of the Intergovernmental Agreement establishing this entity, we hereby submit the Comprehensive Annual Financial Report of the Chicago Executive Airport (hereinafter referred to as "the Airport") for the fiscal year ended April 30, 2010.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

To the best of our knowledge and belief, the enclosed data is accurate in all material respects. Further, the enclosed data is prepared in accordance with generally accepted accounting principles and is presented in a manner to disclose the financial position and results of operations of the Airport for the year then ended.

Sikich LLP, Certified Public Accountants, has issued an unqualified opinion on the Chicago Executive Airport's financial statements for the year ended April 30, 2010. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. MD&A complement this letter of transmittal and should be read in conjunction with it.

PROFILE OF THE AIRPORT

The Airport, founded in 1925 as Gauthier's Flying Field, was acquired by Priester Aviation in 1953. The City of Prospect Heights and the Village of Wheeling purchased the airport on December 26, 1986 and renamed it Palwaukee Municipal Airport. The name was changed in October 2006 to Chicago Executive Airport, to better reflect its customer base and location. It is the third busiest airport in Illinois. The City of Prospect Heights and the Village of Wheeling (hereinafter collectively referred to as "the Municipalities") executed an amended Intergovernmental Agreement on July 1, 2005. This Agreement authorizes the joint establishment and operation of the Chicago Executive Airport ("the Airport"). Both Municipalities identify the Airport as a Joint Venture, pursuant to the criteria set forth by the Governmental Accounting Standards Board ("GASB"), in their respective Annual Financial Reports.

The Board of Directors was created to establish a body for the control and operation of the Airport by the Municipalities. It consists of seven directors: the Chairman, appointed jointly by the Mayor of the City and the President of the Village: three appointed, with approval of the City Council, by the Mayor of the City of Prospect Heights; three appointed, with approval of the Board of Trustees, by the Village President of the Village of Wheeling. The Board elects, from its members, a Vice Chairman, Treasurer, and Secretary who preside over the Board as officers.

The Chicago Executive Airport budget is recommended by resolution of the Chicago Executive Airport Board of Directors for adoption by both Municipalities in accordance with the Intergovernmental Agreement. This Agreement requires that neither Municipality shall be required to expend funds other than Airport Revenue for the operation of the Airport. The budget is prepared using an accrual basis and recognizes revenues and expenses earned or incurred during the fiscal year.

The Airport has an April 30 Fiscal Year Ending date. Accordingly, the budget must be adopted by both Municipalities before May 1, the beginning date of the new fiscal year. Should this not happen, the Board is authorized to proceed with funding and expenses on a temporary basis using the prior year's approved budget.

ECONOMIC CONDITIONS AND OUTLOOK

The past year presented a continuing economic trend for the Airport. Operating revenues declined 3% while expenses increased only slightly at .06%. The net result from operations was operating income of \$727,492, a decrease of \$113,255, or 13.4%, from last year. After depreciation and amortization, there was an operating loss. A more detailed discussion of the financial results is contained in Management's Discussion and Analysis found in the Financial Section of this report.

Primary operations statistics revealed Airport operations (landings and takeoffs) have decreased from the prior year by 4.7%. A closer examination of operations indicates itinerant users remain at 74% of our total operations. This is up 1% from last year. Local user operations are 26% for the past year. Our annual fuel flowage has decreased by 315,309 gallons to 4,459,174 gallons, a 6.6% decrease over last year. U.S. Customs Service inspections declined this year with 436 inspections conducted, a 13.8% decrease from last year. Customs inspections correlate international business aviation activity of our business based aircraft.

Regardless of economic conditions, the Airport continues to remain focused on its foremost priorities -- **Safety, Security** and **Noise Reduction**. Additionally, the Airport is cognizant of its fiduciary responsibility to the City of Prospect Heights and the Village of Wheeling to maintain a financially sound and self-supporting entity.

LONG-TERM FINANCIAL PLANNING

To augment our financial planning process, five-year projections are now being developed each year for both operating and capital budget needs as a part of the budget development process. The projections allow us to determine the impact of capital projects on future operating expense budgets, future revenue requirements and plans to achieve them.

Additionally, reductions in the local share requirements for capital projects funded by federal and state grants have had a positive impact on our future financial planning.

MAJOR INITIATIVES

To further enhance Airport safety, security and noise reduction, development continued this year and will continue for many years to come. Planned initiatives are:

- → Taxiway development and safety enhancements are being planned for the coming years. Runway Safety Areas (RSA) are in the process of being acquired to provide the necessary safety zones for the surrounding communities.
- → An engineered material arresting system (EMAS) will be placed at the ends of our longest runway to stop runway overshoots.
- → Completion of the final sections of the Lima (west-side) taxiway parallel to runway 16/34. The final phase is planned to be started in the fall of 2010.
- → Reconstruction of runway 6/24 with an overlay and new markings and an extended parallel taxiway.
- → The Airport has requested the FAA fund a Part 150 Noise Study update aimed at reducing noise for our surrounding neighbors and communities. The final phases continue to be in process and expected to be approved in the beginning of October. At that point, the airport will seek funds for the implementation of the plan.
- → Construction started in July 2010 on six buildings that will contain 48 new T-hangars for the general aviation community. The project is expected to be completed in December 2010.
- → The complete redevelopment of the southeast quadrant including aircraft storage and servicing facilities. This has now begun with the leasing of land to a development company. The environmental studies have been completed.
- ✤ A northwest quadrant general aviation apron, access roadway and parking lot are being planned for the near future.

We believe these, and future initiatives, will enhance the safety of the Airport, reduce noise for our neighbors, and supplement revenue sources.

AWARDS AND ACHIEVEMENTS

The Government Finance Officers Association of the United States and Canada ("GFOA") awarded a Certificate of Achievement for Excellence in Financial Reporting to the Chicago Executive Airport for its comprehensive annual financial report for the fiscal year ended

April 30, 2009. The Certificate of Achievement is the highest form of recognition for excellence in state and local government financial reporting.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report ("CAFR"), whose contents conform to program standards. Such CAFR must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of only one year.

We believe that our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA.

ACKNOWLEDGMENT

The preparation of this report would not have been possible without the dedicated service of the finance and administration department. Also, credit must be given to the Municipalities and the Chicago Executive Airport Board of Directors for their unfailing support for maintaining the highest standards of professionalism in the management of the Airport finances.

Sincerely,

1 Cha

Dennis G. Rouleau Airport Manager

INDEPENDENT AUDITOR'S REPORT

City of Prospect Heights, Illinois Village of Wheeling, Illinois The Honorable Chairman Chicago Executive Airport Directors

We have audited the accompanying basic financial statements of the Chicago Executive Airport as of and for the years ended April 30, 2010 and 2009 as listed in the table of contents. These basic financial statements are the responsibility of the Chicago Executive Airport's management. Our responsibility is to express an opinion on these basic financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the Chicago Executive Airport as of April 30, 2010 and 2009 and the changes in its financial position and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis and required supplementary information listed in the table of contents is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it. Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information listed as statements and schedules in the accompanying table of contents is presented for purposes of additional analysis and is not a required part of the financial statements of the Chicago Executive Airport. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly presented in all material respects in relation to the basic financial statements taken as a whole.

The introductory and statistical information listed in the table of contents was not audited by us, and accordingly, we do not express an opinion thereon.

ApichUP

Aurora, Illinois September 3, 2010 GENERAL PURPOSE EXTERNAL FINANCIAL STATEMENTS

Management's Discussion and Analysis

The management of Chicago Executive Airport offers readers of our financial statements the following narrative overview and analysis of our financial activities for the year ended April 30, 2010. The following information should be considered along with additional information contained in our letter of transmittal found on pages i-iv of this report.

Basic Financial Statements

Our basic financial statements are prepared using proprietary fund (enterprise fund) accounting that uses the same basis of accounting as private-sector business enterprises. The Airport is operated under one enterprise fund, the Joint Airport Fund. Under this method of accounting an economic resources measurement focus and an accrual basis of accounting is used. Revenue is recorded when earned and expenses are recorded when incurred. The basic financial statements include a statement of net assets, a statement of revenues, expenses, and changes in net assets, and a statement of cash flows. These are followed by notes to the financial statements. In addition to the basic financial statements, this report also contains required supplementary information and a statistical section that are useful in understanding the overall operations of the Airport.

The statement of net assets presents information on the assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Airport is improving or deteriorating.

The statement of revenues, expenses, and changes in net assets reports the operating revenues and expenses and nonoperating revenue and expenses of the Airport for the fiscal year with the difference – the net income or loss – being combined with any capital contributions to determine the net change in assets for fiscal year. That change, combined with last year-end's net asset total, reconciles to the net asset total at the end of this fiscal year.

The statement of cash flows reports cash and cash equivalent activities for the fiscal year resulting from operating activities, capital and related financing activities, and investing activities. The net result of these activities added to the beginning of the year cash balance reconciles to the cash and cash equivalent balance at the end of the current fiscal year. Contrary to the other basic financial statements, this statement is prepared on a cash basis.

Financial Highlights

- Assets exceeded liabilities by \$93,349,098 (net assets) at the close of the fiscal year. Of this amount, \$3,021,670 is unrestricted and available to meet ongoing and future obligations of the Airport including its share of capital projects.
- → Net assets increased \$1,805,179, primarily due to the invested in capital assets portion increasing by \$2,165,295, mainly from the capitalization of the taxiway Lima project. The unrestricted portion decreased \$360,116, due to capital expended for improvements in progress.
- → Operating income before depreciation and amortization is \$727,492, a decrease of \$113,255 or 13.4 percent over the prior year due to the following:
 - Operating revenues decreased 2.9 percent from \$3,291,749 to \$3,193,540.
 - Operating expenses increased 0.6 percent from \$2,451,002 to \$2,466,048.
- → Net operating income after depreciation and amortization increased to a loss of \$1,792,966, an increase of \$88,718 or 5.2 percent above the prior year operating loss.
- → Net income (loss) before capital contributions increased \$77,654 or 4.2 percent higher, to \$(1,921,246).
- → The Statement of Cash Flows identifies the sources and uses of cash activity for the fiscal year. Cash and cash equivalents decreased a net of \$20,827 for the year. The decrease is the result of a number of activities: net cash from operating activities is \$748,304, capital assets consumed \$662,047, and financing activities used \$134,743.

MD&A 1

Financial Information

| | April 30, <u>2010</u> | April 30, <u>2009</u> | April 30, <u>2008</u> |
|----------------------------|--------------------------|--------------------------|--------------------------|
| Current and other assets | \$ 3,714,267 | \$ 3,906,371 | \$ 5,207,138 |
| Capital assets | 94,437,889 | 92,408,315 | 94,139,633 |

| Current liabilities | 683,846 | 524,475 | 5,110,592 |
| Long-term liabilities | 4,119,212 | 4,246,292 | 1,093,719 |
| Net assets: | | | |
| Invested in capital assets | 90,327,428 | 88,162,133 | 93,047,242 |
| Unrestricted | 3,021,670 | 3,381,786 | 95,218 |
| Total net assets | 93,349,098 | 91,543,919 | 93,142,460 |

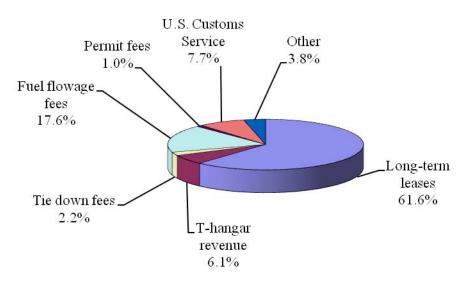

Net Assets: The following schedule presents a summary of net asset comparisons for the fiscal years ended April 30, 2010, 2009 and 2008.

The largest portion of the Airport's net assets, \$90,327,428, is invested in capital assets (e.g., land, buildings, equipment, infrastructure and improvements). Outstanding debt in the amount of \$4,257,135 is attributable to these assets, of which \$192,258 is considered current and \$4,064,877 a long-term liability. The Airport's capital assets represent land, hangar space, taxiways, runways, and equipment. These are maintained for airport users and fixed-base operators, the latter who provide services to aircraft owners.

The remaining unrestricted net assets of \$3,021,670 represent resources available to meet both the Airport's current and capital obligations. One primary use of these assets is to provide for the Airport's share of capital project costs, most of which have grant-funding at up to 97.5% federal and state funds.

Current liabilities increased \$159,371 or 30.4%, compared to last year caused mainly by the inclusion of the current portion of the refinanced loan principal as detailed in the following long-term debt section.

Revenue: The following chart shows the major sources of operating revenue for the year ended April 30, 2010:

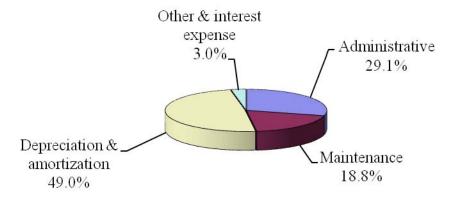

| | April 30, <u>2010</u> | April 30, <u>2009</u> | | April 30, <u>2008</u> |
|--|--------------------------|--------------------------|-----------|--------------------------|
| Operating revenues | | | | |
| Long-term leases* | \$ 1,966,504 | \$ | 1,950,052 | \$ 1,929,797 |
| T-hangar revenues | 194,910 | | 209,729 | 212,921 |
| Tiedown fees | 71,003 | | 79,620 | 74,532 |
| Fuel flowage fees | 560,657 | | 589,638 | 673,428 |
| Permit fees | 32,616 | | 37,723 | 40,201 |
| U.S. Customs Service | 245,520 | | 266,867 | 286,338 |
| Other | 114,823 | | 137,862 | 69,799 |
| Late charges | 7,507 | | 20,258 | 6,886 |
| Total operating revenues | 3,193,540 | | 3,291,749 | 3,293,902 |
| Nonoperating revenues Investment income | 36,402 | | 79,549 | 171,930 |
| Total revenues | \$ 3,229,942 | \$ | 3,371,298 | \$ 3,465,832 |

The following schedule presents a summary of revenues for the fiscal years ended April 30, 2010, 2009 and 2008

*Long-term leases are leases with an original term of more than one year.

This past year, operating revenues decreased by \$98,209, or 3%. Long-term leases were up slightly by \$16,452, or .8%; all the other revenue categories decreased, mainly due to the slowing economy. Investment income is down due to the drop in interest rates.

Expenses: The following chart shows the major categories of operating expenses for the year ended April 30, 2010:

The following schedule presents a summary of expenses for the fiscal years ended April 30, 2010, 2009 and 2008:

| | April 30, <u>2010</u> | | | | | April 30, <u>2008</u> | | | | | | | | | | |
|--------------------------------|--------------------------|-----------|-----------|-----------|----|--------------------------|--|---------|--|---------|--|---------|--|---------|--|---------|
| Operating expenses | | | | | | | | | | | | | | | | |
| Administration | \$ | 1,498,573 | \$ | 1,497,600 | \$ | 1,665,965 | | | | | | | | | | |
| Maintenance | | 967,475 | | 953,402 | _ | 1,098,705 | | | | | | | | | | |
| Total operating expenses | | 2,466,048 | 2,451,002 | | | 2,764,670 | | | | | | | | | | |
| | | | | | | | | | | | | | | | | |
| Other expenses | | | | | | | | | | | | | | | | |
| Depreciation | | 833,131 | | 704,466 | | 811,640 | | | | | | | | | | |
| Depreciation on contributed | | | | | | | | | | | | | | | | |
| capital assets | | 1,509,126 | | 1,646,876 | | 1,453,318 | | | | | | | | | | |
| Amortization | | 178,201 | | 193,653 | | 99,106 | | | | | | | | | | |
| Interest expense | | 138,041 | | 211,329 | | 211,329 | | 211,329 | | 211,329 | | 211,329 | | 211,329 | | 260,630 |
| Other expense | | 10,000 | | 5,456 | | | | | | | | | | | | |
| Loss on sale of capital assets | | 16,641 | | 2,108 | | 28,100 | | | | | | | | | | |
| Total other expenses | | 2,685,140 | | 2,763,888 | | 2,652,794 | | | | | | | | | | |

Operating expenses increased over last year by .06%. In the Administrative department, expenses were virtually unchanged. The Contractual Services category showed the highest dollar decrease over the previous year at \$52,826, or 6.7%. The "other" category decreased \$47,721 or 72.8% since the Airport did not have a booth at the annual NBAA convention. The Personnel Services category followed with a decrease over last year of \$4,284, or .7%. The Commodities total was unchanged from the prior year. In the Maintenance department, total expenses increased \$14,073, or 1.4%, with the highest increase in the Contractual Services category of \$25,846, or 11.4%. Pavement marking had the highest increase of \$33,834 or 116.6% while vehicle maintenance had the highest decrease of \$24,718 or 56.9%. Personnel Services decreased \$10,082, or 1.9%. Commodities were virtually unchanged with a decrease of \$1,691 or .8%. Detail operating expense schedules can be found in the Supplementary Information Section of this report.

Other expenses – depreciation on contributed capital assets and amortization has increased slightly over the past years due to an increase in contributed capital assets. For the Airport, this required presentation of depreciation on contributed capital assets is awkward and burdensome when one considers most of our capital expenses are from federal and state grants which are shown separately on our financial statements. Without those grants, the Airport would not be able to acquire the capital assets that were funded. In the Supplementary Information Section you will find another version of our Statement of Revenues, Expenses and Changes in Net Assets that better matches our contributed capital assets with their corresponding depreciation. This schedule indicates an operating loss of \$130,563 and net contributions of \$2,064,022.

Additionally, interest expense decreased by \$73,288 or 34.7% from last year due to paying down the \$4.7 million loan by \$1.5 million, resulting in less interest expense. Investment income decreased by \$43,146, or 54.2%, due to the substantial drop in interest rates. The other revenue/(expense) of \$10,000 is a financing fee for each of the two new loans.

Capital Assets: During FY 2010, the Airport expended a net of \$4,327,987 on capital assets. The major items were \$4,000,740 to extend Taxiway Lima, \$145,000 related to the demolition of hangar #1, \$138,347 for improvements to Taxiway Echo, and \$81,514 related to the construction of new northeast quadrant T-hangars. Some of these projects were completed and capitalized from work-in-progress and contributed capital assets. A summary of changes in capital assets is found in Note 3 to the financial statements. Other pertinent accounting policies related to capital assets can be found in Note 1.f. to the financial statements.

Other Financial Results: The following schedule presents a summary of other pertinent financial data for the fiscal years ended April 30, 2010, 2009 and 2008:

| | April 30, <u>2010</u> | April 30, <u>2009</u> | April 30, <u>2008</u> |
|--------------------------------|--------------------------|--------------------------|--------------------------|
| Contributions of capital items | \$ 3,726,425 | \$ 245,051 | \$ 659,405 |
| Changes in net assets | | | |
| Invested in capital assets | \$ 90,327,428 | \$ 88,162,133 | \$ 93,047,242 |
| Unrestricted | 3,021,670 | 3,381,786 | 95,218 |
| Total net assets | \$ 93,349,098 | \$ 91,543,919 | \$ 93,142,460 |

Contributions of capital items increased by \$3,481,374 to \$3,726,425. The change in net assets of \$1,805,179 represents an increase of 1.9% primarily reflecting the inclusion of the taxiway Lima project and depreciation of contributed capital assets that reduces the invested in capital assets total. The unrestricted portion of net assets has decreased \$360,116, or 10.6%, mainly due to capital expended for improvements in progress. This total represents unrestricted net assets, most of which are available for future operating and capital purposes.

Long-Term Debt: Currently, the Airport has three long-term debts outstanding in the amount of \$4,064,877. The first, \$1,002,623, represents an outstanding renewal balance for a loan taken out in November 2008 to temporarily finance the land acquisition referred to above; the second, \$3.2 million, is a refinance of a prior loan; and the third, \$54,512, is a construction loan for the new northeast quadrant T-hangars for which only one drawdown has been made. Details of these outstanding loans can be found in footnote 5, long-term debt, found in this report.

Requests for Information: The financial report is intended to provide an overview of the finances of Chicago Executive Airport for those with an interest in this organization. Questions concerning any information contained in this report may be directed to the Chicago Executive Airport, 1020 Plant Road, Wheeling, Illinois 60090, attention Dennis Rouleau, Airport Manager.

NOTES TO FINANCIAL STATEMENTS

April 30, 2010 and 2009

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Chicago Executive Airport (the Airport) was created on February 26, 1985 pursuant to Chapter 24, Paragraph 11-103-1 of the Illinois Compiled Statutes (ILCS), to organize, operate and maintain the Airport as a public general aviation facility. The Airport is an intergovernmental cooperative created under Illinois law to allow the City of Prospect Heights, Illinois and the Village of Wheeling, Illinois (collectively, the Municipalities) joint ownership and administration of the Airport. The Municipalities account for the Airport as a proprietary joint venture.

The Municipalities have entered into agreements with the Federal Aviation Administration of the United States of America and the State of Illinois to sponsor projects for the acquisition and development of the Airport. Although assets are legally held in the name of the Municipalities, such assets are recorded in the Airport's financial statements to present the overall financial position and operations of the Airport. Airport revenues are solely restricted to funding airport development and airport maintenance expenses. The duration of the Airport shall be for the term of 20 years or the useful life of the Airport, whichever is longer, unless sooner terminated and dissolved by mutual agreement of the Municipalities or by operation of law.

The financial statements of the Airport have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Airport's accounting policies are described below.

a. Reporting Entity

Effective 2004, the Airport adopted the provisions of GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*. As defined by generally accepted accounting principles established by GASB, the financial reporting entity consists of the primary government, as well as its component units, which are legally separate organizations for which the following three criteria exist:

1) The economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units or its constituents.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- a. Reporting Entity (Continued)
 - 2) The primary government, or its component units, is entitled to or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization.
 - 3) The economic resources received or held by an individual organization that the specific primary government or its component units, is entitled to or has the ability to otherwise access, are significant to that primary government.

The accompanying financial statements represent the Airport (the primary government) only since the Airport does not have component units. The Airport is considered a joint venture of its owners, the City of Prospect Heights, Illinois and the Village of Wheeling, Illinois.

b. Basis of Accounting

The accounting policies for the Airport conform to generally accepted accounting principles applicable to proprietary funds of governmental units. The financial records of the Airport are maintained by utilizing the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time they are incurred.

The Airport's financial statements are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the statement of net assets. Proprietary fund operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total assets.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Airport are charges to customers for sales and rent. Operating expenses for the Airport include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

c. Cash and Cash Equivalents

For purposes of the statement of cash flows, the Airport considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

d. Investments

Investments are stated at fair value.

e. Receivables

Receivables, including the applicable allowance for uncollectible, accounts are as follows:

| | 2010 | 2009 |
|---|---------------------------|---------------------------|
| Accounts receivable Allowance for uncollectible accounts | \$ 116,822 (23,690) | \$ 119,850 (23,690) |
| NET RECEIVABLES | \$ 93,132 | \$ 96,160 |

f. Capital Assets

Capital assets comprising buildings, office equipment, vehicles and airport improvements are recorded at cost. All expenditures for equipment over \$2,000 are capitalized. If actual cost cannot be determined, estimated historical cost is used. Donated capital assets are valued at their estimated fair value on the date donated. Depreciation of capital assets has been provided for over the estimated useful lives using the straight-line method. Estimated useful lives are as follows:

| | Years |
|-------------------------------------|-------------------|
| Buildings and building improvements | 10 - 30 |
| Infrastructure | 10 - 30 3 - 20 |
| Improvements | 3 - 20 |
| Vehicles and equipment | 3 - 20 |

Maintenance and repair expenses are charged to operating expense as incurred. Significant betterments and improvements are capitalized and depreciated over their estimated useful lives.

g. Deferred Expenses

Deferred expenses consist of costs associated with the purchase and establishment of the Airport and costs incurred for engineering evaluations and studies that provide future benefits to the Airport. Such expenses are amortized on a straight-line basis over twenty and five years, respectively.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

h. Federal and State Grant Contributions

Capital assets purchased with funds contributed by the federal and state governments through Airport Improvement Grants are recorded at cost. For financial statement presentation purposes, grant contributions are reported after net income as the amount contributed by the governments. Note 8 contains contributed capital asset detail.

i. Compensated Absences

Airport employees are granted vacation pay and sick leave in varying amounts. In the event of termination, an employee is reimbursed for accumulated vacation time. Accumulated unpaid sick leave is not paid to an employee in the event of termination.

j. GASB Pronouncements

The Airport has elected, under the provisions of GASB Statement No. 20, titled *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, to apply all applicable GASB pronouncements and all FASB Statements and Interpretations, Accounting Principles Board (APB) Opinions and Accounting Research Bulletins (ARB) issued on or before November 30, 1989, unless they conflict with or contradict GASB pronouncements.

k. Operating Revenues and Direct Expenses

Direct expenses are those that are clearly identifiable with a specific function or segment. Operating revenues include charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment. Grants and contributions that are of a particular function or segment are reported as nonoperating revenues.

2. DEPOSITS AND INVESTMENTS

a. Permitted Deposits and Investments

Statutes authorize the Airport to make deposits/invest in: insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States or agreements to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services and Illinois Funds.

2. DEPOSITS AND INVESTMENTS (Continued)

a. Permitted Deposits and Investments (Continued)

Illinois Funds is an investment pool managed by the State of Illinois, Office of the Treasurer, which allows governments within the State to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at Illinois Funds' share price, which is the price at which the investment could be sold.

It is the policy of the Airport to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the Airport and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objectives of the policy are safety of principal, liquidity, diversification, rate of return and public trust.

b. Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the Airport's deposits may not be returned to it. The Airport's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance, at an amount not less than 110% of the fair market value of the funds secured, with the collateral held by the Airport or in safekeeping with a third-party or escrow agent and should be invested in either U.S. Government securities or obligations of federal agencies.

c. Investments

The following table presents the investments and maturities of the Airport's debt securities as of April 30, 2010:

| | | | | Investment Maturities in Years | | | | | | | | |
|-----------------|----|-----------|----|--------------------------------|----|-----|---|----|------|---|------------|--------|
| Investment Type | F | air Value | Le | ess Than 1 | | 1-5 | | | 6-10 | | Greater th | nan 10 |
| Illinois Funds | \$ | 979,301 | \$ | 979,301 | \$ | | - | \$ | | - | \$ | - |
| TOTAL | \$ | 979,301 | \$ | 979,301 | \$ | | - | \$ | | - | \$ | _ |

The following table presents the investments and maturities of the Airport's debt securities as of April 30, 2009:

| | | Investment Maturities in Years | | | | | |
|-----------------|--------------|--------------------------------|-----|------|------|-----------------|--|
| Investment Type | Fair Value | Less Than 1 | 1-5 | | 6-10 | Greater than 10 | |
| Illinois Funds | \$ 1,077,859 | \$ 1,077,859 | \$ | - \$ | - | \$ - | |
| TOTAL | \$ 1,077,859 | \$ 1,077,859 | \$ | - \$ | - | \$- | |

2. DEPOSITS AND INVESTMENTS (Continued)

c. Investments (Continued)

In accordance with its investment policy, the Airport limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for short and long-term cash flow needs while providing a reasonable rate of return based on the current market and limiting the maturity of all investments to less than 15 months.

The Airport limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing external investment pools. Illinois Funds and the securities held under the repurchase agreement are both rated AAA.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the Airport will not be able to recover the value of its investments that are in possession of an outside party. The Airport's investment policy does not discuss custodial credit risk of investments; however, to limit its exposure, the Airport has not invested in security transactions that are exposed to custodial credit risk

Concentration of credit risk is the risk that the Airport has too high a percentage of their investments invested in one type of investment. The Airport's investment policy requires diversification of investment to avoid unreasonable risk. At April 30, 2010, the Airport did not have greater than five percent of its overall portfolio invested in any single investment type.

3. CAPITAL ASSETS

a. Summary of Changes in Capital Assets

The following is a summary of capital assets as of the date of this report:

| | May 1, 2009 | Increases | Decreases | April 30, 2010 |

5. LONG-TERM DEBT

Long-term debt activity for fiscal years ended April 30, 2010 and 2009 are as follows.

a. Loans

As of April 30, 2010, the Airport had the following loans outstanding:

| | utstanding at oril 30, 2010 | Current Portion |
|---|--------------------------------|--------------------|
| \$1,237,000 loan, dated January 15, 2005, for the purchase of constructing two hangars and a taxiway. Principal and interest are due in monthly installments of \$7,470 with a stated interest rate of 4.551% beginning January 15, 2005 with a final payment due on November 15, 2025. | \$ 1,002,623 | \$ 45,584 |

As of April 30, 2009, the Airport had the following loans outstanding:

| | Outstanding at April 30, 2009 | | | Current Portion |
|---|----------------------------------|-----------|----|--------------------|
| \$1,237,000 loan, dated January 15, 2005, for the purchase of constructing two hangars and a taxiway. Principal and interest are due in monthly installments of \$7,470 with a stated interest rate of 4.551% beginning January 15, 2005 with a final payment due on November 15, 2025. | \$ | 1,046,182 | \$ | 46,650 |

5. LONG-TERM DEBT (Continued)

b. Notes Payable

As of April 30, 2010, the Airport had the following note outstanding:

| | Total | Current |
|--|-----------------|---------------|
| \$3,200,000 note dated April 19, 2010, for the purchase of land. Principal and interest are due in monthly installments of \$13,334 with a stated interest rate of 4.17% beginning June 1, 2010 with a final payment of \$2,413,294 due on May 1, 2015. | \$ 3,200,000 | \$ 146,674 |
| \$2,300,000 note dated April 19, 2010, for the construction of T-Hangars. Principal and interest will be in monthly installments of \$7,667 with a stated interest rate of 4.17% beginning July 1, 2011 and interest only payments to begin June 1, 2011, with a final payment of \$1,947,318 due on May 1, 2015. | 54,512 | |
| TOTAL | \$ 3,254,512 | \$ 146,674 |

As of April 30, 2009, the Airport had the following note outstanding:

| | Total | Cur | rent |
|---|-----------------|-----|------|
| \$3,200,000 note dated November 25, 2008, for the purchase of land. Interest is payable monthly at a variable rate* (2.90% as of April 30, 2009) and the principal is due on November 1, 2010. | \$ 3,200,000 | \$ | _ |

*Interest on the variable rate note is paid at the higher of 2.9% or the 90-day London Interbank Offered Rate plus 2.5%, multiplied by 0.65, plus 30 basis points and is reset quarterly.

c. Changes in Long-Term Liabilities

A summary of the changes in the long-term debt of the Airport for the year ended April 30, 2010 is as follows:

| | Balance May 1 | Additions | Retirement | Balance April 30 | Current Portion |
|-------------------------------|---------------------------|--------------|------------------------|---------------------------|----------------------|
| Loans Notes Compensated | \$ 1,046,182 3,200,000 | \$ | \$ 43,559 3,200,000 | \$ 1,002,623 3,254,512 | \$ 45,584 146,674 |

| TOTAL | \$ | 1,002,623 | \$ | 396,737 | \$ 4,257,135 | \$ | 994,865 |

*On April 19, 2010, the Airport issued the \$2,300,000 Airport Revenue Note, Series 2010B for the construction of new T-Hangars. The note proceeds are drawn on as construction progresses, up to the total amount of the note. Principal and interest is due in monthly installments of \$7,667 through May 1, 2015, commencing July 1, 2011. Interest is due monthly at 4.17% commencing June 1, 2010. As of April 30, 2010, the Airport had drawn \$54,512 of the note proceeds.

6. RISK MANAGEMENT

The Airport is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; illnesses of employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three fiscal years.

7. MINIMUM LEASE RENTALS

The Municipalities have entered into long-term operating leases that expire on various dates within the next several years. Such lease revenue has been included in the Airport's financial statements to present the overall financial position and operations of the Airport. Future minimum lease revenues for the next five fiscal years are as follows:

| | 2010 | 2011 | 2012 | 2013 | | 2014 |
|-------------------|-----------------|-----------------|-----------------|------|-----------|-----------------|
| Hangars #5 and #6 | \$ 371,445 | \$ 371,445 | \$ 371,445 | \$ | 371,445 | \$ 371,445 |

| Ramp | 72,022 | 72,022 | 72,022 | | 72,022 | 72,022 |
| TOTAL | \$ 1,866,556 | \$ 1,867,053 | \$ 1,867,053 | \$ | 1,754,840 | \$ 1,754,840 |

During the years ended April 30, 2010 and 2009, one lessee represented approximately 51% in each year of the Airport's operating revenues.

8. CONTRIBUTED CAPITAL ASSETS

The Airport is the recipient of several Airport Improvement Grants for airport facility acquisition and capital improvements. The grant agreements provide for the following levels of participation:

| Federal share | 95% |
|---------------|------|
| State share | 2.5% |
| Local | 2.5% |

8. CONTRIBUTED CAPITAL ASSETS (Continued)

At April 30, 2010 and 2009, the balances of contributed capital assets are as follows:

| | Federal | State | State Ot | | Donated | | Total |
|--------------------------------|---------------|--------------|----------|---------|---------|--------|---------------|
| BALANCE, APRIL 30, 2008 | \$ 83,258,974 | \$ 9,230,252 | \$ | 244,144 | \$ | 11,000 | \$ 92,744,370 |
| Contributed assets during 2009 | 49,485 | 195,566 | | - | | - | 245,051 |
| BALANCE, APRIL 30, 2009 | 83,308,459 | 9,425,818 | | 244,144 | | 11,000 | 92,989,421 |
| Contributed assets during 2010 | 3,630,870 | 95,555 | | - | | - | 3,726,425 |
| BALANCE, APRIL 30, 2010 | \$ 86,939,329 | \$ 9,521,373 | \$ | 244,144 | \$ | 11,000 | \$ 96,715,846 |

Contributed capital assets is a component of net assets "invested in capital assets."

9. DEFINED CONTRIBUTION PLAN

The Airport provides pension benefits for all of its full-time employees through a defined contribution plan. This plan was established with the International City Managers Association Retirement Trust (the Trust), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for state and local governments and their instrumentalities throughout the United States. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. The Airport's policy requires that both the employee and the Airport contribute an amount equal to 4.5% of the employee's base salary at the end of every biweekly payroll period.

The Airport's contributions for each employee (and interest allocated to the employee's account) are incrementally vested 20% annually, after three years of service. The Airport's nonvested contributions and the interest forfeited by employees who leave employment before three years of service are used to reduce the Airport's contribution requirement to the remaining employees. The Board of Directors is responsible for establishing and amending the plan provisions.

The Airport's payroll and contributions for the fiscal years ended April 30, 2010 and 2009 are:

| 2010 | | 2009 |
|--------------------------|-----------------------|------------------------------------|
| \$ 818,661 757,692 | \$ | 815,527 765,829 |
| 34,067 34 100 | | 34,462 34,492 |
| \$ | \$ 818,661 757,692 | \$ 818,661 \$ 757,692 34,067 |

10. CONTINGENT LIABILITIES

Litigation

The Airport is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Airport's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the Airport.

11. OTHER POSTEMPLOYMENT BENEFITS

The Airport has evaluated its potential other postemployment benefits liability. The Airport provides continued health insurance coverage at the active employer rate to all eligible employees in accordance with Illinois statues, which creates an implicit subsidy of retiree health insurance. Former employees who choose to retain their rights to health insurance through the Airport are required to pay 100% of the current premium. However, no former employees have chosen to stay in the Airport's health insurance plan. Therefore, there has been 0% utilization and, therefore, no implicit subsidy to calculate in accordance with GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. Additionally, the Airport had no former employees for which the Airport was providing an explicit subsidy and no current employees with agreements for future explicit subsidies upon retirement. Therefore, the Airport has not recorded any postemployment benefit liability as of April 30, 2010

| Ground #8 | 346,138 | Signature Flight Support | 14,149 | Feb. 06 - Dec. 14 (9) |

 Upon expiration of the current lease, the lessee has the option of renewing the lease for eight five-year periods, effectively extending the lease term to December 2049.

- (2) ACCO parking lot lease Provides for automatic renewal for six five-year additional terms.
- (3) Hangar #15 ground lease Lessee has the option for one additional five-year period.
- (4) Hangar #19 ground lease.
- (5) Hangar #16 ground lease Lessee has the option for one additional five-year period.
- (6) Fuel farm ground lease.
- (7) Hanger #40 ground lease.
- (8) Hangar #41 ground lease.
- (9) Terminal Building #24 ground lease.

STATISTICAL SECTION

(Unaudited)

STATISTICAL SECTION

This part of the Chicago Executive Airport's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the airport's overall financial health.

| Contents | Page |
|--|-------|
| Financial Trends | 33-34 |
| These schedules contain trend information to help the reader Understand how the airport's financial performance and well- being have changed over time. | |
| Revenue Capacity | 35-37 |
| These schedules contain information to help the reader assess the airport's most significant local revenue sources. | |
| Debt Capacity | 38-39 |
| These schedules present information to help the reader assess the affordability of the airport's current levels of outstanding debt and the airport's ability to issue additional debt in the future. | |
| Demographic and Economic Information | 40-42 |
| These schedules offer demographic and economic indicators to help the reader understand the environment within which the airport's financial activities take place. | |
| Operating Information | 43-48 |
| These schedules contain service and infrastructure data to help the reader understand how the information in the airport's financial report relates to the services the government provides and the activities it performs. | |

Notes: The Intergovernmental Agreement establishing the Airport does not allow the Airport to issue any debt. All Airport debt is issued by either, or both, of the owning-communities, the City of Prospect Heights and the Village of Wheeling; however, the Airport is responsible for retirement of the debt. In the case of general obligation (GO) debt, the Airport's legal debt limitation is predicated on that of the two Municipalities. The City of Prospect Heights is a non-Home Rule Municipality; therefore, it is limited to the amount of debt it can issue without referendum approval. The limitation is based on the total equalized assessed valuation (EAV) of real property located within the Municipalities. The Municipalities are allowed to issue .8% of the EAV total in general obligation debt without referendum approval. Certain financing vehicles are exempt from limitations of these types. The Village of Wheeling in an Illinois Home Rule community and has no statutory limit. As a result, the acceptable level of debt outstanding for the Village is solely determined by the Village Board. By every measure or ratio of debt generally considered, the Village's debt level is very low. Accordingly, the general obligation debt limit of the Airport is also that of the City of Prospect Heights.

¹ Bank loan jointly executed by both owning-communities for the Airport.

 $^{2}\ensuremath{\,\mbox{Revenue}}\xspace$ note executed by the Village of Wheeling, only, for the Airport
