For permits beginning May 1, 2024

Dear Potential Hangar 5 Tenant,

Thank you for considering Chicago Executive Airport's (KPWK) community Hangar 5 for your aircraft. CEA manages Hangar 5/6's buildings and grounds. We issue permits to store aircraft and occupy offices directly with the owner/user.

Standard Monthly Fees:

- Hangar storage is \$0.88 per square foot of fixed-wing aircraft (Length x wingspan) per month.
- 'North Wall' offices will be charged at \$2.00 per square foot per month. Please call for others.
- Fees are subject to change at the beginning of the airport's fiscal year May 1st. As a government entity, Chicago Executive Airport cannot offer discounts or other financial incentives
- All permits are month-to-month

Hawthorne Global Aviation Services is the exclusive provider of fuel and aircraft services:

1. Fuel prices are Hawthorne's cost plus \$1.95 for Jet-A fuel and \$2.05 for 100LL AV-Gas.
2. Hawthorne provides pull-in/pull-out services for the permittees at the following rates: \$ 70 for each pull for a single-engine piston aircraft (waived with 20-gallon uplift) / \$85 twin-engine piston aircraft and helicopters (waived with 45 gallon uplift) / \$ 105 for turboprops and turbines (waived with 75 gallon uplift). There is a 'round-trip' push/pull during normal business hours.
3. Hawthorne may waive the fee if the minimum gallons are purchased at the time of pull
4. Other fees may apply.
5. Individuals or flight clubs can arrange with Hawthorne other pricing or procedural accommodations that fall within CEA's permits and guidelines.
6. There will be no other provider of fuel or aircraft movement services at Hangar 5/6.
7. Occupants are not allowed to move or fuel their aircraft in the hangar, ramp, or grounds.

Next Steps:

1. Execute a storage and/or office permit with CEA, including submission of proof-of-insurance
