

CHICAGO EXECUTIVE AIRPORT

1926 • PWK • 2026

Tenants & Users Safety Meeting

Virtual MEETING

July 15, 2026

Agenda

- 1) Airfield Projects & Events
- 2) Runway Safety Discussions
- 3) Future Development Updates
- 4) Informational / Educational / Safety Topics

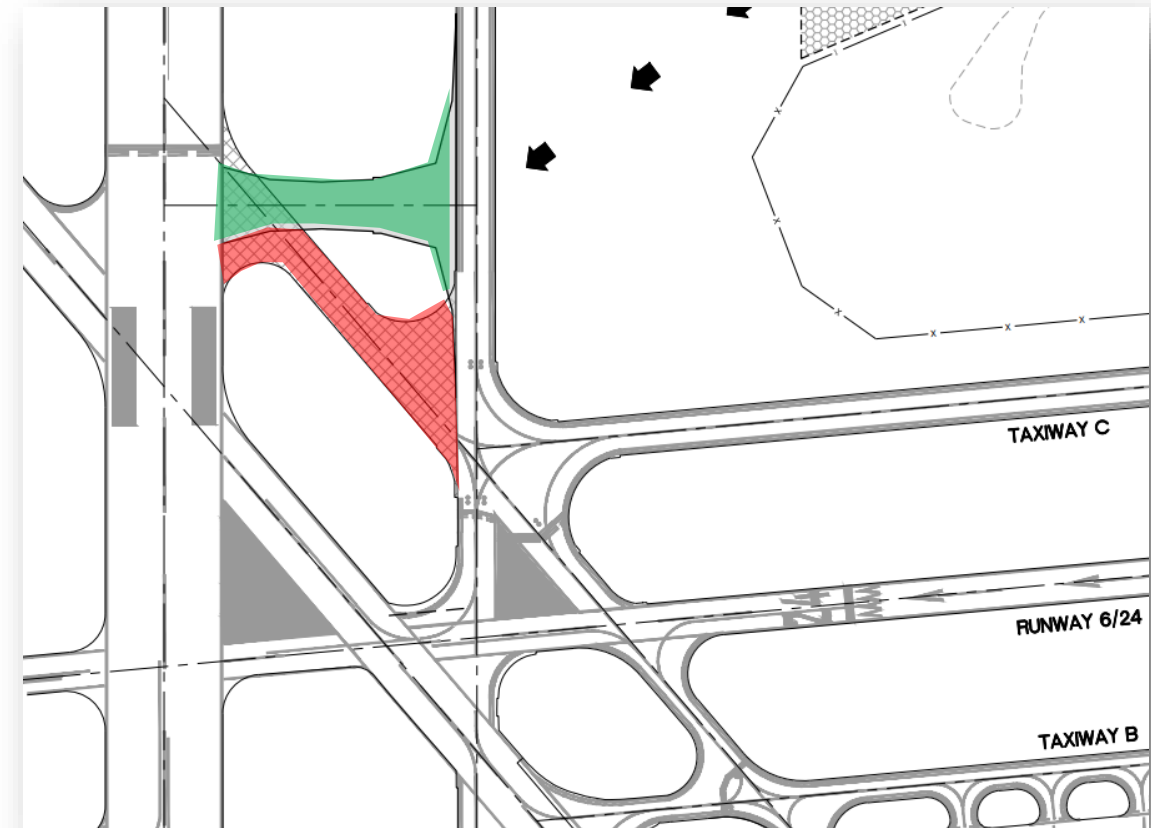

Airport Projects & Events

Airfield Projects/Event Updates

➤ PWK-5161 Hot Spot Configuration

- Project includes removing a portion of Taxiway Echo, specifically the high speed turn off Runway 16, and put a new perpendicular taxiway.
 - This will help mitigate Hot Spot 1
 - This will also be in conformance with the new FAA Airport Design Standards
- New Taxiway will be called **Kilo 4**
- Will include Runway closures
 - Approx 5 weekend closures of RWY 16/34
 - 2 of 5 of the closures will include all three runways
- *Anticipated Start: August 2026*
 - *CEAU will be published when schedule is presented*

Airfield Projects/Event Updates

➤ Runway 6/24 Official Permanent Closure - Update

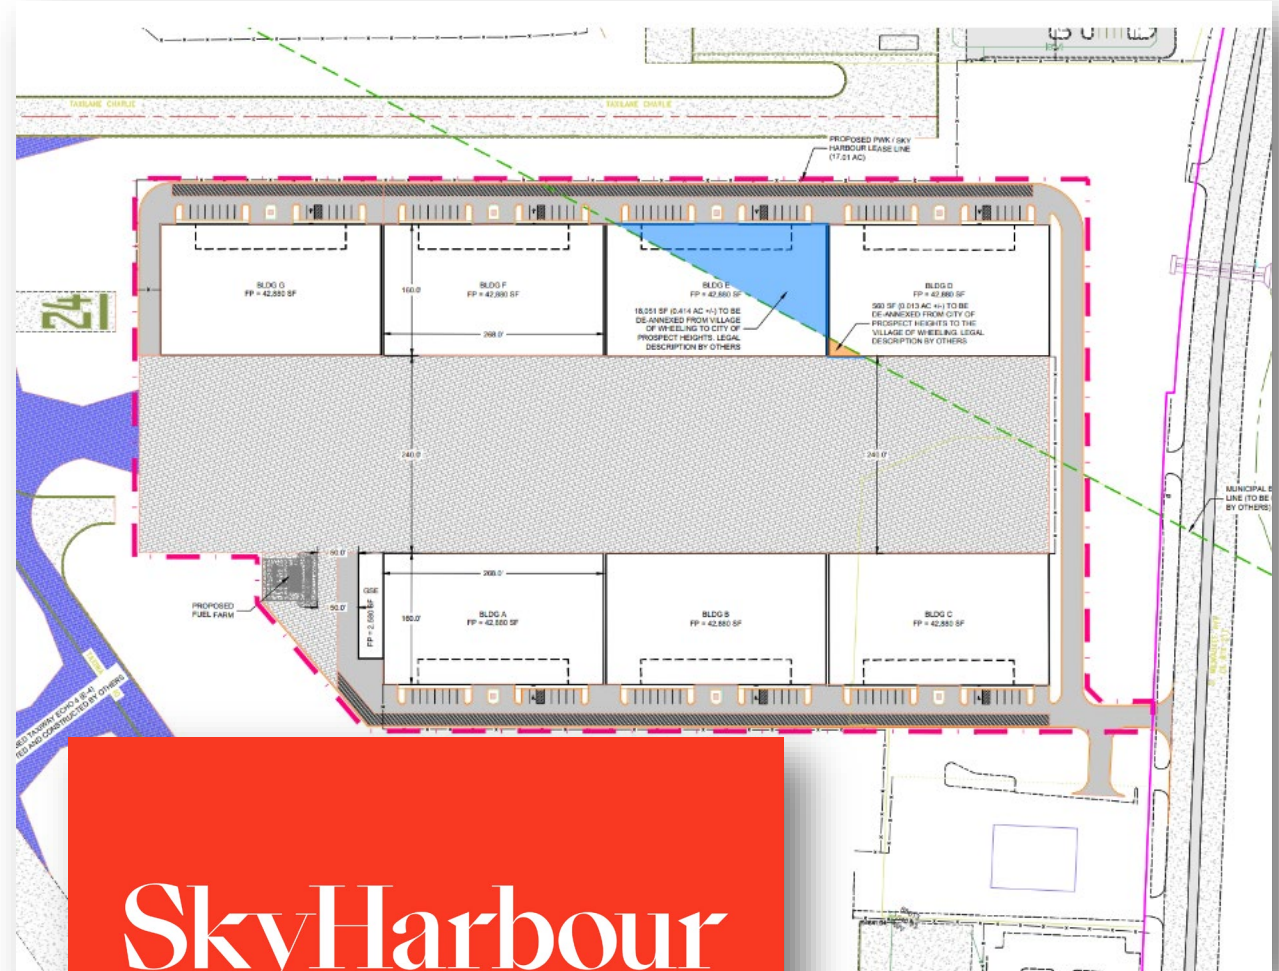

- Runway is NOTAM'ed closed
- Runway 6/24 terminology will be still used until further notice.
 - Anticipating calling it Taxiway Mike in the fall
- Runway markings west of Taxiway Lima have been converted to taxiway markings
- Blue retro-reflective markers being installed in lieu of Runway Lights within the next few weeks
- Signage changes are presently being ordered and produced
- Several Solar Taxiway Lights to be added when received

Airfield Projects/Event Updates

 SkyHarbour Campus

- Estimated mobilization in August 2026
- Ground breaking in September
- CEAU to be issued
- Due to storm water retention requirements, expecting multiple phases of infield earth work (ditch digging) throughout the east side of the Airport

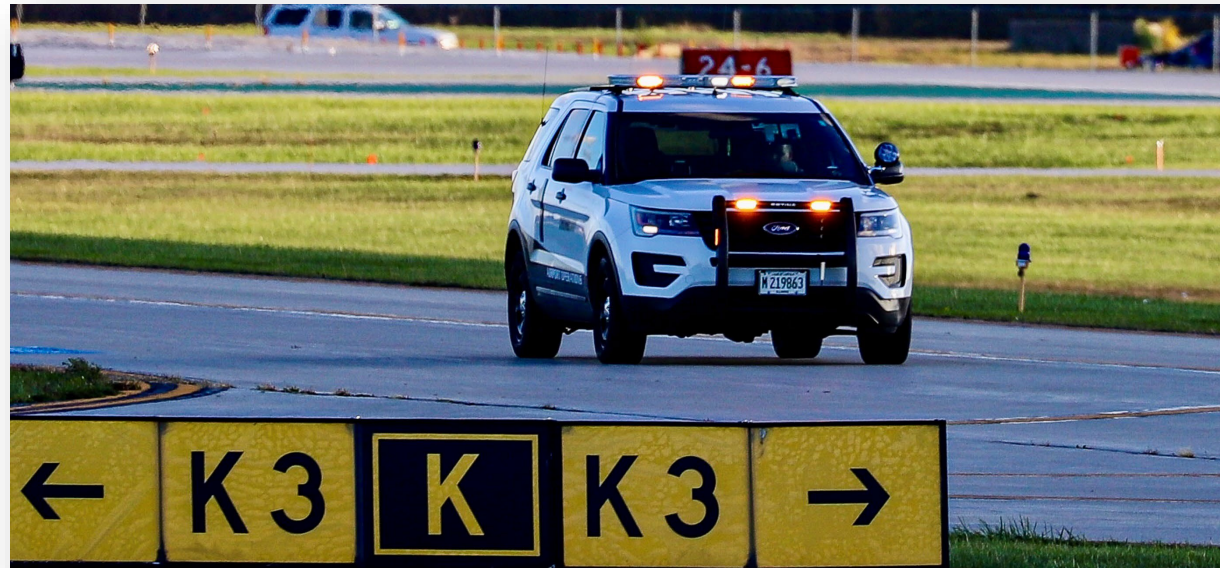

Airfield Projects/Event Updates

- **2026 Annual Pavement Repairs Project**
 - Annual fund appropriation to fix various portions of pavement on the airfield
 - Runway 16/34 and Runway 12/30 weekday night closure or two anticipated for September for Runway Crack Sealing and Centerline Repairs
 - Various other pavement repairs included in plan
 - This will be put out to bid so the work actually preformed will be determined by the bidding process TBD.
 - CEAU will be sent when the work is scheduled

Runway Safety Discussions

- New Interim PWK Air Traffic Manager – **Kyle Sheffer**
- Since April RSAT Meeting
- Any questions/comments/concerns?

DON'T BE "MIDWEST NICE" AT THE GATE!

PREVENT VEHICLE PIGGYBACKING

WHAT TO DO

- DO NOT *Irish Goodbye* the gate, wait for it to fully close behind you before driving away
- DO NOT allow anyone you are not expecting or escorting to follow you through the gate
- SKIP the *Midwest Wave*, politely wave them back and have them use their own access credential

WHAT CAN I DO?

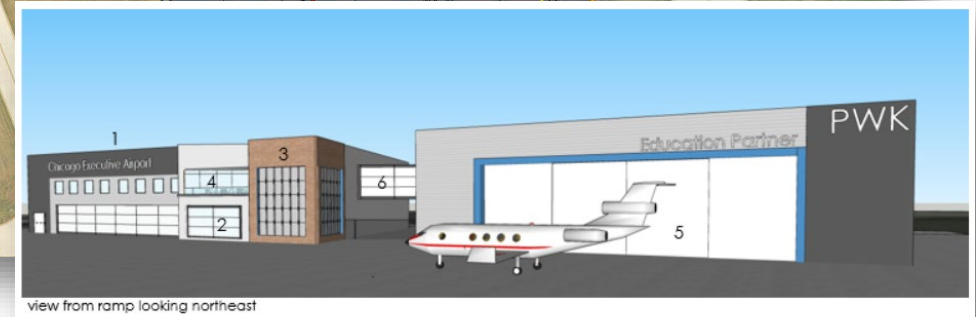

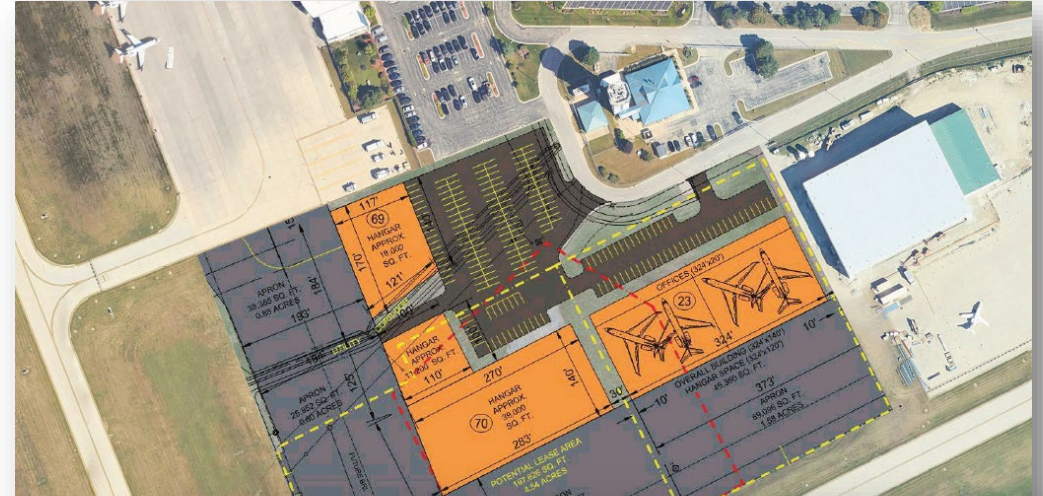

- Say nope to OPE!
- Be *Midwest Polite*, Not *Midwest Nice*
 - Instead, say: "*Sorry, everyone needs to badge in separately*"
- Security comes before convenience. Every time
- Help protect our airport and your access privileges
- Every badge holder is responsible for preventing unauthorized access

Future Development Updates

Future Development Update

- **New Chicago Executive Airport Administration Building**
 - Architecture firm has begun conceptualizing floor plans
 - Community focused building to include local, Civil Air Patrol, Event Space, Collegiate Aviation Components
 - Possible restaurant
 - Construction Timeline: TBD, Several years from now

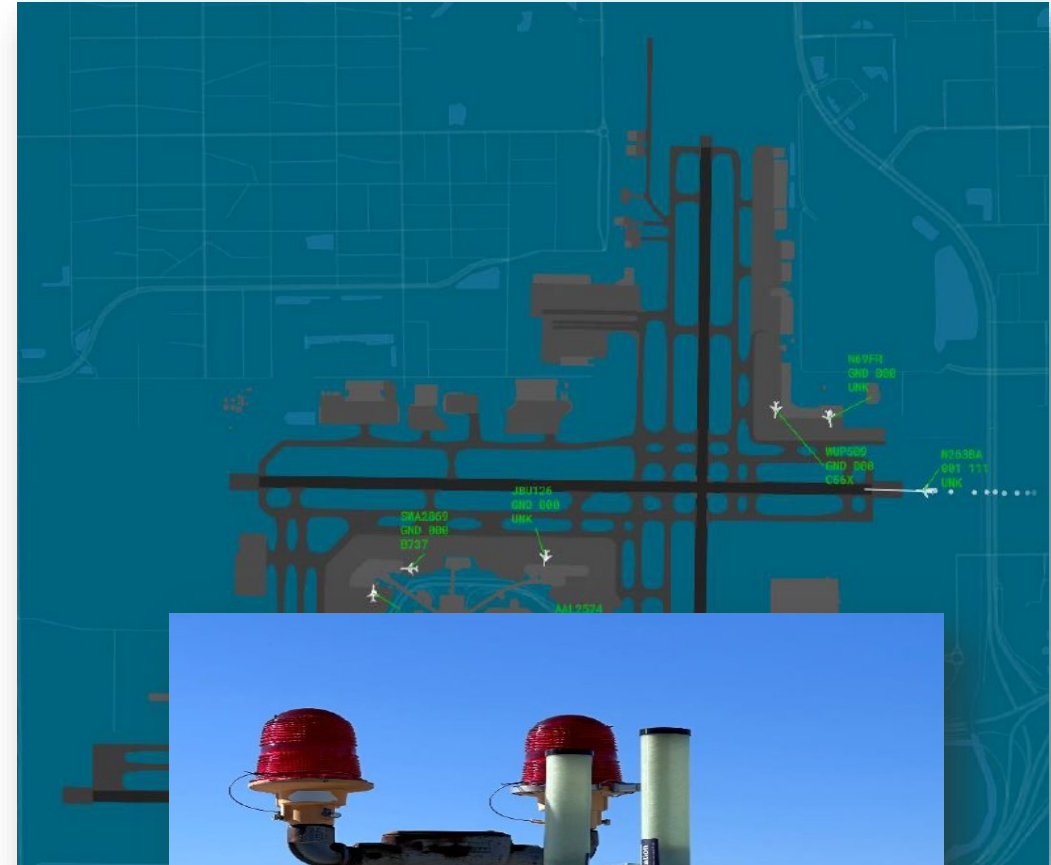

Informational / Educational / Safety Topics

Informational / Educational Topics

➤ **FAA Surface Awareness Initiative**

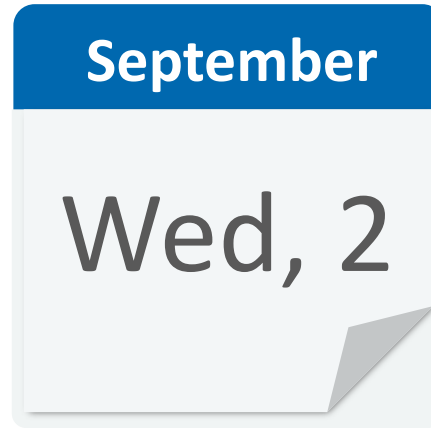

- FAA program to enhance ground safety at Airports without the traditional ASDE-X systems like ORD
- Various ground based receiving sensors have been added throughout the Airport
- FAA Technical Operations vehicles will all have the ADSB sensors added to their vehicles
- Airport will receive at least 1 antenna under program in the next few months
- More Airport Owned Vehicle Trackers to come through a grant

Thank you for your attention

Upcoming Meetings & Events
